Information Sharing between the Croquet England (CqE) and it's Member Clubs.

The data for CqE Membership purposes is limited to the data sharing between clubs and the CqE and will enable club members to become CqE standard members.

As a member of the Croquet Association members will receive the benefits of CqE standard membership, which includes:

Eligibility for Tournament Entry

Maintenance of handicap data

Maintenance of qualification (coaching/refereeing/handicapper) data

Access to member's area of the CqE website

Inclusion in the secure on-line directory (if required)

Access to the on-line fixtures book

Access to the on-line Croquet Gazette

Information of a personal nature (Name, email address, handicap etc.) will only be shared where a club member wishes to have these details visible in the members directory of the CqE website, which is password protected.

The minimum set of data required is: name, address, handicap, if you have a primary club elsewhere, an indication of whether or not you consent to having your details visible in the CqE member's directory, plus email address and telephone numbers. The EU General Data Protection Regulations (which replaced the Data Protection Act in May 2018) require that each club member must explicitly have given their consent to share this information with the CqE. By signing the membership form you automatically give this consent but may opt out of this information being visible in the on-line directory, if you tick the box to do so.

Other Club-Specific data will be kept confidential between the club and CqE officers, and will not be used by the CqE except for statistical analysis, for example, the number of members we have for whom St Agnes is a Primary Club, which is information required when we pay our CqE yearly subscription.
